Title: Internship Report: 7 Star pipe industry unit - Plastic Pipes, Tanks, and Windows Manufacturing

Duration: [26.09-2022-26.11.2022]

Introduction:

I am pleased to submit my internship report after completing a short-term internship at 7 Star pipe industry, a dynamic small industry specializing in manufacturing plastic pipes, plastic tanks, and windows. This internship provided me with hands-on experience and valuable insights into the plastic manufacturing process, quality control, and business operations.

Company Overview:

7Star pipe industry unit, established in [10.06. 2019], is a leading manufacturer of high-quality plastic pipes, tanks, and windows. With a strong focus on innovation and customer satisfaction, the company has established a reputable presence in the industry.

Objectives:

1. To understand the manufacturing process of plastic pipes, tanks, and windows.
2. To analyze quality control measures and ensure product excellence.
3. To observe and learn about business operations, management, and marketing strategies.

Key Activities:

1. Observed and assisted in the production process, including:
 - Extrusion and molding of plastic pipes and tanks.
 - Fabrication and assembly of plastic windows.
2. Conducted quality control checks on raw materials, semi-finished, and finished products.
3. Attended meetings with production, sales, and marketing teams to understand business operations.
4. Assisted in designing and developing new product prototypes.

Key Learnings:

1. Understanding of plastic material properties and manufacturing techniques.
2. Importance of quality control in ensuring product durability and customer satisfaction.
3. Insights into supply chain management, inventory control, and logistics.

4. Effective communication and teamwork in a manufacturing setting.

Department-wise Learnings:

1. Production:

- Extrusion process for pipes and tanks.
- Molding and fabrication techniques.

2. Quality Control:

- Material testing and inspection.
- Product testing and certification.

3. Marketing and Sales:

- Market trends and customer preferences.
- Sales strategies and customer relationship management.

Recommendations:

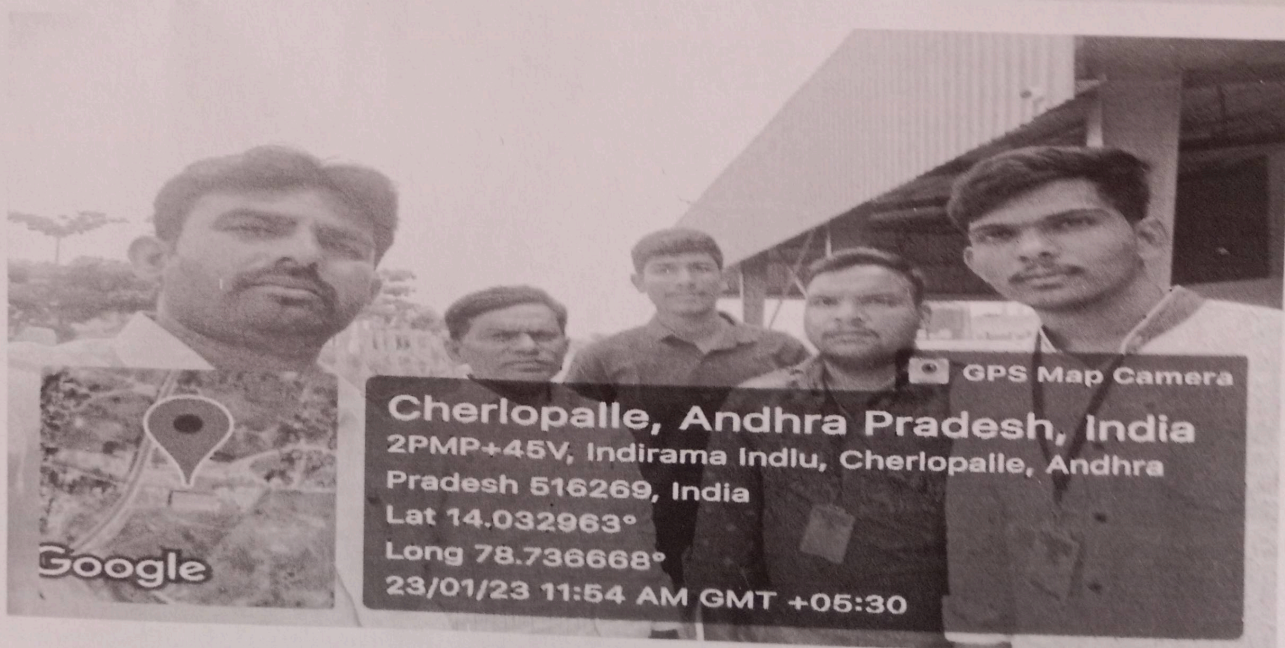

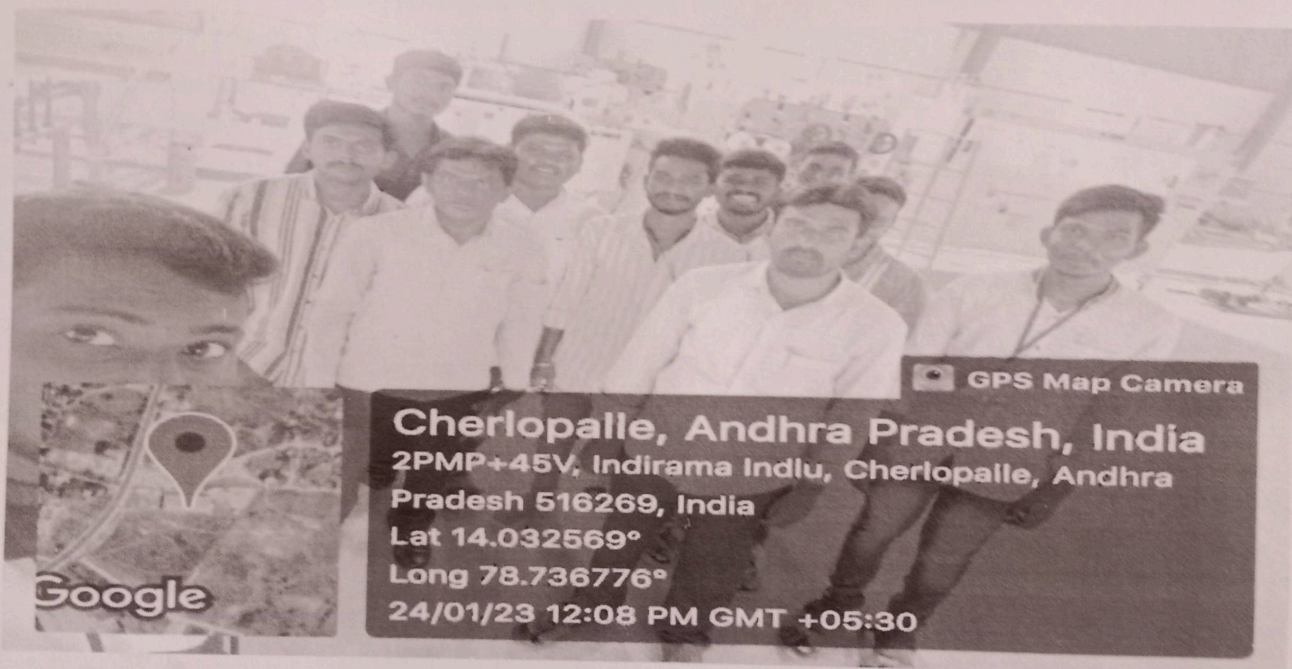

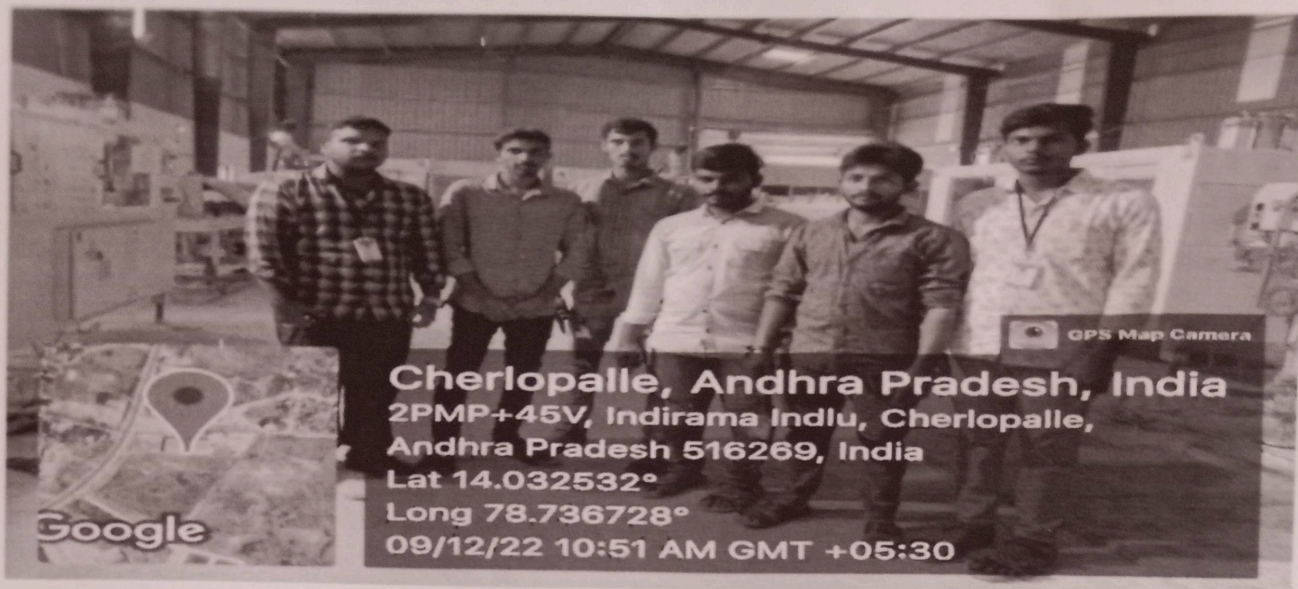

1. Implementing automation in certain processes to increase efficiency.
2. Expanding product lines to cater to emerging market trends.
3. Enhancing employee training programs for skill development.
4. Exploring sustainable and eco-friendly materials.

Conclusion:

My internship at Star Group was an enriching experience, providing valuable practical knowledge and skills. I appreciate the guidance and support from the team and look forward to applying these learnings in my future endeavors.

Acknowledgments:

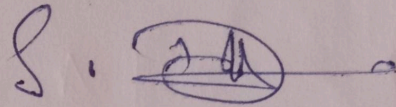

I express gratitude to [B.Eswaraiah Lecturerin Economics], and the entire Star Group team for their support and guidance throughout my internship.
