# A Seminar on Sound Pollution:

**10-07-2019**

Sound pollution, also known as noise pollution, is the excessive or harmful levels of noise in the environment. It primarily results from human activities and can have significant effects on health, wildlife, and overall quality of life. This report provides an overview of sound pollution, including its sources, effects, and strategies for mitigation.

## 2. Sources of Sound Pollution

- **Transportation:**
  - **Road Traffic:** Cars, trucks, and motorcycles contribute significantly to urban noise pollution.
  - **Aviation:** Aircraft noise impacts both airport areas and surrounding regions.
  - **Railways:** Trains generate substantial noise during operation and maintenance.
- **Industrial Activities:**
  - Manufacturing processes, machinery, and construction work produce high levels of noise.
- **Commercial Activities:**
  - Entertainment venues, such as bars, nightclubs, and concerts, can create significant noise levels.
  - Public events and rallies also contribute to elevated noise levels.
- **Household Sources:**
  - Domestic appliances, lawn mowers, and loud music can contribute to local noise pollution.

## 3. Effects of Sound Pollution

- **Health Effects:**
  - **Hearing Loss:** Prolonged exposure to loud noises can lead to permanent hearing damage or loss.
  - **Cardiovascular Issues:** Chronic noise exposure has been linked to increased risk of hypertension, heart disease, and stroke.
  - **Sleep Disturbance:** Persistent noise can lead to poor sleep quality and related health problems.
  - **Stress and Anxiety:** Noise pollution can exacerbate stress and anxiety levels.
- **Environmental Effects:**
  - **Wildlife Disruption:** Animals, particularly those in urban areas, may experience habitat disruption and altered behaviour due to noise pollution. For example, birds may have difficulty communicating and locating food.
  - **Ecosystem Impact:** Increased noise levels can disrupt ecological balance and affect species interactions.
- **Economic Effects:**
  - **Property Values:** Areas with high levels of noise pollution may see a decrease in property values.
  - **Productivity:** Noise can reduce worker productivity and increase absenteeism in workplaces.

#### 4. Mitigation Strategies

- Regulation and Legislation:
  - Noise Ordinances: Implementing and enforcing noise regulations in residential, commercial, and industrial zones.
  - International Standards: Adhering to international guidelines and standards for noise levels.
- Technological Solutions:
  - Soundproofing Materials: Utilizing materials and designs that reduce noise transmission in buildings and vehicles.
  - Quieter Machinery: Developing and adopting quieter industrial machinery and transportation options.
- Urban Planning:
  - Zoning: Designing urban areas with noise zoning in mind to separate noisy activities from residential areas.
  - Green Spaces: Creating and maintaining parks and green belts to act as buffers for noise.
- Public Awareness and Education:
  - Community Programs: Educating the public about the impacts of noise pollution and encouraging noise reduction practices.
  - Noise Barriers: Installing barriers along roads and railways to mitigate noise impact on residential areas.

#### 5. Conclusion

Sound pollution is a growing concern with far-reaching impacts on health, the environment, and the economy. Addressing this issue requires a multi-faceted approach involving regulation, technology, urban planning, and public awareness. By implementing effective strategies and fostering collaboration among stakeholders, it is possible to mitigate the adverse effects of sound pollution and improve quality of life.

### **Indian Constitution Day: 26-11-2019**

Constitution Day ( *Samvidhāna Divasa*), also known as "National Law Day", is celebrated in India on 26 November every year to commemorate the adoption of the Constitution of India. On 26 November 1949, the Constituent Assembly of India adopted the Constitution of India, and it came into effect on 26 January 1950.

The Government of India declared 26 November as Constitution Day on 19 November 2015 by a gazette notification. The Prime Minister of India Narendra Modi made the declaration on 11 October 2015 while laying the foundation stone of the B. R. Ambedkar's Statue of Equality memorial in Mumbai. The year of 2021 was the 131st birth anniversary of Ambedkar, who had chaired the drafting committee of the Constituent Assembly and played a pivotal role in the drafting of the constitution. Previously this day was celebrated as Law Day. 26 November was chosen to spread the importance of the constitution and to spread thoughts and ideas of Ambedkar. PM Modi Speech on National Law Day 2021, 26 November, and also The President, Vice President and Lok Sabha Speaker also addressed the program.

Constitution Day is not a public holiday. Various departments of the Government of India celebrated the first Constitution Day. As per the Department of Education and Literacy, the preamble of the constitution was read in all schools by all students. In addition, there were quiz and essay competitions both online and offline on the subject of the constitution of India. There was a lecture on salient features of the constitution in each school. The Department of Higher Education requested various universities to arrange mock parliamentary debates in colleges, and the University Grants Commission (UGC) arranged an all-India quiz competition at Ambedkar University, Lucknow, where quiz winners of all states participated.

## International Human Rights Day: 10-12-2019

International Human Rights Day (HRD) is celebrated annually around the world on 10 December every year.

The date was chosen to honor the United Nations General Assembly's adoption and proclamation, on 10 December 1948, of the Universal Declaration of Human Rights (UDHR), the first global enunciation of human rights and one of the first major achievements of the new United Nations. The formal establishment of Human Rights Day occurred at the 317th Plenary Meeting of the General Assembly on 4 December 1950, when the General Assembly declared resolution 423(V), inviting all member states and any other interested organizations to celebrate the day as they saw fit.

The day is normally marked both by high-level political conferences and meetings and by cultural events and exhibitions dealing with human rights issues. Besides, it is traditionally on 10 December that the five-yearly United Nations Prize in the Field of Human Rights and Nobel Peace Prize are awarded. Many governmental and non-governmental organizations active in the human rights field also schedule special events to commemorate the day, as do many civil and social-cause organizations.

## **National Voters Day: 25-01-2020**

National Voters' Day is celebrated annually in India on 25 January to mark the foundation day of Election Commission of India. It established by the Government of India in order to encourage more young voters to take part in the political process, and first celebrated 25 January 2011.

A meeting of the Union Cabinet, chaired by Prime Minister Manmohan Singh, approved a Law Ministry proposal to this effect, Information and Broadcasting Minister Ambika Soni told reporters. In this day rallies in government campus were going on. By observing the new voters, who have attained the age of 18 years, were showing less interest in getting enrolled in the electoral rolls, she said the level of their enrolment was as low as 20 to 25 per cent in certain cases. "In order to effectively deal with this problem, the Election Commission has decided to take up a vigorous exercise to identify all eligible voters attaining the age of 18 years as of January 1 every year in each of the 8.5 lakh polling stations across the country," she said.

Such eligible voters would be enrolled on time and handed over their Electoral Photo Identity Card (EPIC) on January 25 every year, Soni said, adding this initiative is expected to give the youth a sense of empowerment, pride and inspire them to exercise their franchise.

The new voters would be provided with a badge with its logo "Proud to be a voter - Ready to vote", she said. The theme of NVD 2016 is 'Inclusive and qualitative participation' reiterating the commitment towards reaching out to the last voter and promoting informed and ethical voting. The slogan 'No Voter to be left behind' has been coined to further emphasis the focus on inclusiveness. The National Awards are being conferred for excellence, proficiency and innovation in election processes and procedures. These awards recognize contribution by election machinery, government department/ agency/ PSU, CSO and media said. The greatest joy is seen in young voters of India.

## INTRODUCTION

**NATIONAL SERVICE SCHEME** popularly known as NSS was launched in Gandhi's Birth Centenary Year 1969, under the Ministry of Youth Affairs & Sports Govt. of India. The scheme was launched simultaneously in 37 Universities involving 40,000 students with primary focus on the development of personality of students through community service and promotion of National solidarity. In India, the idea of involving students in the task of national service dates back to the times of Mahatma Gandhi, the father of the nation. The central theme which he tried to impress upon his student audience time and again was that they should always keep before them, their social responsibility. The first duty of the students should be, not to treat their period of study as one of the opportunities for indulgence in intellectual luxury, but for preparing themselves for final dedication in the service of those who provided the sinews of the nation with the national goods & services so essential to society. Advising them to form a living contact with the community in whose midst their institution is located, he suggested that instead of undertaking academic research about economic and social disability, the students should do "something positive so that the life of the villagers might be raised to a higher material and moral level". NSS works on the premise that it is possible to awaken the villagers and slum dwellers to their responsibilities and develop in them the confidence, to tackle their common problems with energy, enthusiasm and in a co-operative spirit, based on mutual aid and self-reliance. The role of students is limited as activists, enablers, catalytic agents with wider communities and as programme aids.

The main objectives of National Service Scheme (NSS) are:

- Understand the community in which they work.
- Understand themselves in relation to their community.
- Identify the needs and problems of the community and involve them in problem solving.
- Develop among themselves a sense of social and civic responsibility.
- Utilize their knowledge in finding practical solutions to individual and community problems.
- Develop competence required for group-living and sharing of responsibilities.
- Gain skills in mobilizing community participation.
- Acquire leadership qualities and democratic attitudes.
- Develop capacity to meet emergencies and natural disasters and
- Practice national integration and social harmony.

**MOTO OF NSS "NOT ME, BUT YOU"** reflects the essence of democratic living and upholds the need for selfless service and appreciation of the other person's point of view and also to show consideration for fellow human beings. It underlines that the welfare of an individual is ultimately dependent on the welfare of society on the whole. Therefore, it should be the aim of the NSS to demonstrate this motto in its day-to-day programme.

**NSS SPECIAL CAMP:** Special Camping forms an integral part of National Service Scheme. It has special appeal to the youth as it provides unique opportunities to the students for group living, collective experience sharing and constant interaction with community.

The aim of the NSS special camp is to educate the people and empower them. With this motto, the NSS UNIT comprising 49 students has organized a special camp at Motakatla Village, Sambapalli Mandal near Rayachoty of YSR district. The camp has been conducted under the supervision of college management and NSS program officer N. RAJA SEKHAR REDDY . The NSS team members divided among themselves into 5 groups and conducted a 7 days special camp in the Motakatla Village.

**GENDER SENSITISATION ACTION PLAN -2019-2020**

Gender sensitization is a crucial process that aims to raise awareness and understanding of gender-based discrimination and inequalities in society. It involves creating an environment that recognizes and respects the diverse identities and experiences of individuals, regardless of their gender or sexual orientation. Gender sensitization is a critical aspect of creating a safe, inclusive, and equitable workplace or community.

A gender sensitization action plan is a roadmap that outlines the steps necessary to promote gender sensitization within the college. The goal of the gender sensitization action plan is to create a culture of respect, inclusivity and equality by addressing the root causes of gender-based discrimination and inequality.

The plan for the current year includes the series of activities designed to address specific issues related to gender discrimination and inequalities follows:
